# Supervised GP Program

RECRUITMENT  
SOLUTIONS

## PROGRAM OVERVIEW

Sourcing a Supervisor and navigating the pESCI, AHPRA and Medicare requirement as well as the visa requirements so you can get started working in Australia is a challenge. We developed a program that supports you along your journey so you can take the confusion away and focus on what you do best- being a Doctor!

## OUR SOLUTION

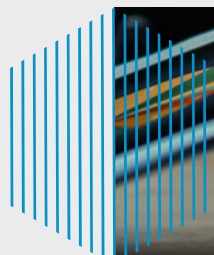

Managing the process of interviewing a Practice, Preparing PESCI & AHPRA documents and managing Visa via our partner companies. We'll guide your journey from placement through to commencement & beyond.

# COST SUMMARY

THE COST IS UP TO YOU

## Our Model

The costs involved in getting you working are administration fees to prepare the paperwork, application costs and visa costs.. Our model gives you the power to take on these costs yourself and take charge on your journey, or you can join a waiting list pending a practice willing to pay these costs on your behalf.

## How Much to Pay your Way?

You may choose to take control over your costs, expediting your journey to getting started. These costs may look like:

- Temporary Resident (metro & rural practices): \$8170 - \$12715
- Permanent Resident (rural practices only): \$7600 - \$8110

The costs above includes: PESCI document preparation fee, visitor visa for PESCI, PESCI fee, AHPRA document preparation fee, AHPRA application & registration fees, TSS or Training Visa fee, 3GA Program document preparation fee and Medicare document preparation fee - all where relevant which is why it is a scale. A full Cost Breakdown is available on request.
